

BIPANA PUN MAGAR

Chemistry Instructor

About Me

As a researcher, I seek to contribute to leading research institutes or Universities by utilizing my expertise, dedication, and strong work ethic to advance scientific knowledge and uphold academic excellence.

📍 Budhanilkanth,
Kathmandu, Nepal

Education

Trichandra Multiple Campus,
Department of Chemistry

Master's degree in Chemistry
2016-2018

Trichandra Mutiple Campus,
Department of Chemistry

Bachelor's Degree in
Chemistry
2012-2016

Proficiency

- Nepali - Native
- English - Fluent
- Chinese- Basic

Experience

Instructor In Chemistry

2021-2024

School of Medical Science College

Delivered lectures in chemistry, prepared lesson plans, supervised lab experiments, and maintained lab equipment. Showed the proper methods and techniques for experiments, assessed students, and took part in the institution's extracurricular events.

Instructor in Chemistry

2019-2021

The Celebration Co-ed College

Delivered chemistry lectures, created lesson plans, oversaw lab experiments, and maintained laboratory equipment. Presented suitable experimental procedures and techniques, evaluated students, and participated in the institution's extracurricular activities.

Research Student

2016-2021

Institute of Science and Technology, TU

Conducted experiments, analyzed data, and presented findings. Collaborated on projects, authored publications, and contributed to academic research initiatives.

Research

- Dissertation submitted on the topic **Adsorption of Arsenic (III) from aqueous solution using synthesized hydroxyapatite from chicken bone at different calcification temperatures.**
- ☐Working on paper writing for journal.
- ☐Research based knowledge on the field of Nanomaterial Chemistry.

Research Interests

- Material Science
- Nanotechnology
- Organometallic compounds
- Green Chemistry

Conferences and Seminars

- | | |
|---|----------------------------|
| • Kathmandu Symposia on Advanced Materials (KaSAM 2024) | <i>October 22-24, 2024</i> |
| • International Conference on Bioscience and Biotechnology (ICBB-2024) | <i>April 21-24, 2024</i> |
| • Regional Conference on Science and Technology (RCST 2024) | <i>May 7-8, 2024</i> |
| • 9th National Conference in Science and Technology by Nepal Academy of Science and Technology (NAST) | <i>16-18 October, 2022</i> |
| • 'Impact Found and Angel Investing in scaling Nepal's Science, Technology & Innovation by Nepal innovation Digital Network | <i>9 December 2024</i> |
| • International Conference on Chemometrics in Analytical Chemistry by TU and Nepal Chemical Society | <i>21-22 October 2023</i> |
| • 4th International Conference on Infectious Diseases and Nanomedicine by NAST and Nepal Polymer Institute | <i>15-18 December 2023</i> |
| • Nepal Green Hydrogen Summit (NGHS) by MIT Group Foundation and Government of Nepal | <i>10-11 October, 2022</i> |
-

DIGITAL SKILLS

- Microsoft Office
 - Lab Software: Origin Professional, Chem Draw Professional 16.0, ACD, MestReNova / Libre Office pack/ Linux operating systems
-

PUBLICATIONS

- Magarpun, B., Sharma, Sk., Pandit, R., Panthi, S., Kunwar, S., & Paudel, D. (2024) **"Adsorption of Arsenic (III) from Aqueous Solution Using Synthesized Hydroxyapatite from Chicken Bones at Different Calination Temperatures "**.(Under Review)
