

DINESH PAUDEL

Chemistry Instructor

+9779848169898 | Kathmandu, Nepal, 44600 | dinesh11poudel@gmail.com

Highly motivated and innovative Master of Science (Organic Chemistry) graduate with a strong foundation in chemical principles and laboratory techniques. Possessing proven research experience, analytical skills, and a passion for scientific inquiry. Seeking a challenging PhD position to further develop research expertise and contribute to advancements in the field of chemistry.

EDUCATION

Master in Science (Organic Chemistry) (M.Sc.): Trichandra Multiple Campus, Tribhuvan University, Kathmandu, Nepal (3.66 CGPA)	2021
Bachelor in Science (B. Sc.): Chemistry Mid-Western University, Birendranagar, Surkhet, Nepal	2016
Intermediate in Science (HSEB): Tribhuwan Higher Secondary School, Kohalpur, Banke, Nepal	2012
School Leaving Certificate (SLC): Shree Surya Jyoti Higher Secondary School, Mehelkuna, Surkhet, Nepal	2009

RESEARCH AND PUBLICATIONS

- Paudel D. and Bhatt B.D., "Investigation on Antidiabetic and Antioxidant Efficacy of Different Parts of Berberis aristata Used by Raji People of Surkhet District, Nepal" (2024) – Under Review
- Magarpun, B., Sharma, S.K., Pandit, R., Panthi, S., Kunwar, S., & Paudel, D., "Adsorption of Arsenic (III) from Aqueous Solution Using Synthesized Hydroxyapatite from Chicken Bones at Different Calcination Temperatures" (2024) – Under Review
- Panthi, B., Chapagai, U., Paudel, D., Adhikari, D.L., "Study of Food Preservatives Based on Different Food Products Available in the Market" (2024) – Under Review

RESEARCH INTEREST

- Organic synthesis of bioactive compounds and natural products • Medicinal chemistry • Phytochemistry
- Green and sustainable chemistry • Analytical methods for food chemistry and preservative analysis
- Environmental organic chemistry and materials for pollutant remediation • Reaction Mechanism and Kinetics in Organic Systems • Polymer and Macromolecular Organic Chemistry • Nano chemistry

RELEVANT EXPERIENCES

Instructor, Chemistry

St. Xavier's College, Kathmandu, Nepal (2023–Present)

- Developed and delivered lectures for advanced chemistry courses.
- Guided students in research-oriented projects.
- Prepared students for standardized tests under the Nepal Examination Board.

Instructor, Chemistry

National School of Science (NIST), Kathmandu, Nepal (2020–2023)

- Taught undergraduate-level chemistry concepts and laboratory techniques.
- Provided mentorship for research projects and student academic development.
- Contributed to the development, planning and implementation of high-quality curriculum.

AWARDS AND ACHIEVEMENTS

- Life Member, Nepal Chemical Society
- Remote Observer, 55th International Chemistry Olympiad, Switzerland (2023)
- Teaching license for Secondary level Science Teacher

CONFERENCES AND SEMINARS

Kathmandu Symposia on Advanced Materials (KaSAM 2024)	October 22-24, 2024
International Conference on Bioscience and Biotechnology (ICBB-2024)	April 21-24, 2024
Regional Conference on Science and Technology (RCST 2024)	May 7-8, 2024
Chemistry for Sustainable Development – International Chemical Congress (ICC2023)	May 25-27, 2023
Symposium in nanomaterials fabrication and applications (Tri-Chandra Campus,TU)	August 26, 2017
Education Summit – Stony Brook and California State University	July 24-26, 2016
Robo-Zest (Samalkha College of Institutions, India)	May 24, 2013

TECHNICAL SKILL

Software: MS Office (Word, Excel, PowerPoint), ChemDraw, Origin
Research Tools: Data Analysis and Management, Report Writing
